

Comfortable—that's why they're SENSIBLE

Many other good cigarettes besides Fatimas taste mighty good—WHILE you are smoking them.

But Fatimas deliver something more than good taste. They will give you cigarette comfort—comfort while you are smoking them and comfort AFTER you smoke them.

While you are smok-

ing them, they will feel cool and comfortable to the throat and tongue.

And AFTER you smoke them—even though you may smoke more than usual—they will leave you feeling as you'd like to feel. No heavy or "heady" feeling—none of that "mean" feeling of having smoked too much.

You should try Fatimas.

NO APPETITE—LITTLE SLEEP

Symptoms of a Run-Down Condition—We Have a Remedy.

We ask every week, run-down person in Barre to try our Vinol, with the understanding that their money will be returned if it does not re-establish their health. Letters like the following give us confidence:

"I am in the millinery business and on my feet most of the time. I got so weak and run down that I lost my appetite and was unable to sleep, had a severe chronic cold and lost my color. I learned about Vinol through a friend, and within three weeks after taking it I noticed an improvement, and soon gained in weight, health and strength. I am recommending Vinol to my friends, and they also speak highly of it." Catherine Hoar, West Chester, N. Y.

In hundreds of cases where old-fashioned cod liver oil and emulsions have failed to restore strength and health, Vinol has succeeded, because while it contains all the curatives they do, its good work is not retarded by useless grease and oil.

CHILD SUFFERED UNTOLD AGONY

With Rash on Arms and Limbs. Burned and Itched Horribly. Disfigurement Was Awful.

HEALED BY CUTICURA SOAP AND OINTMENT

"My son was affected with a rash which covered his arms and limbs and annoyed him very much. The breaking out was in blotches which would burst and bleed, and the child suffered untold agony. The skin was very sore and inflamed and burned and itched horribly. He was cross and irritable and slept very little. The disfigurement was awful. I read a Cuticura Soap and Ointment advertisement and sent for a free sample. I noticed an improvement so I purchased more and after using the Cuticura Soap and Ointment for three months my boy was healed." (Signed) Mrs. W. M. Mann, Box 32, Syracuse, L. I., N. Y., Sept. 24, 1915.

At Barre Opera House.

Through the medium of Lyman H. Howe's travel festival which comes to the Barre opera house on Tuesday night, May 16, audiences may look, as from a car window, at glistening, sunlit, snow-capped Alpine peaks; magnificent vistas and never-to-be-forgotten scenes in Glacier National park; the rivers of France; the unique Firth of Forth bridge, Scotland; picturesque Madeira; the charm of pastoral Holland and logging in Italy. Then, too, there will be a ride in an aeroplane, affording the real sensation of a trip in cloudland; stirring scenes of a torpedo boat which is submerged almost totally and again during a terrific gale on the high seas; the curious crystallization of metals and much relaxation contributed by Howe's comedy cartoon artists who freely indulge their fantastic fancies in satirizing and burlesquing many of the more dignified scenes.—adv.

A jury of 12 was summoned, of whom 10 appeared as follows, the respondent electing to be tried by the 10 men: G. B. Fish and G. J. Richardson of Stockbridge, P. S. Belknap, Selden S. YOU CAN HAVE PINK CHEEKS

What causes the color to fade from pink cheeks and red lips? In a word it is thin blood.

When the fading color in cheeks and lips is accompanied by a loss of brightness in the eyes and an increasing heaviness in the step, the cause is to be sought in the state of the blood. A hundred causes may contribute to the condition of thin blood that is known as anemia. Overwork, lack of out-door exercise, insufficient rest and sleep, improper diet, these are a few of them. The important thing is to restore the blood to normal, to build it up so that the color will return to cheeks and lips.

Dr. Williams' Pink Pills are the great blood builder and invigorator. They begin at once to increase the red corpuscles in the blood and the new blood carries strength and health to every part of the body. Appetite increases, digestion becomes more perfect, energy and ambition return.

A booklet, "Building Up the Blood," will be sent free on request by the Dr. Williams Medicine Co., Schenectady, N. Y. If you mention this paper. Your own druggist sells Dr. Williams' Pink Pills or they will be sent by mail on receipt of price, 50 cents per box, six boxes \$2.50.

President Is Said to Be Considering the Nomination of Editor for the Place.

Washington, D. C., May 15.—That Norman Hapgood will be named as postmaster of New York is the latest report.

Would your skin stand this test?

The bright lights of an evening gathering show up mercilessly the defects of a poor complexion. But the regular use of

Resinol Soap

makes it as easy to have a naturally beautiful skin as to cover up a poor one with cosmetics. It lessens the tendency to pimples, redness and roughness, and in a very short time the complexion usually becomes clear, fresh and velvety.

In severe or stubborn cases, Resinol Soap should at first be aided by a little Resinol Ointment. All druggists sell them.

Men with tender faces find that Resinol Shaving Stick prevents irritation.

Here is a safe lead to follow in buying paint. Order lead and oil, to be hand-mixed to suit each condition—the paint that skilled painters choose for their own property. Most painters hereabouts prefer lead and oil paint composed of

on the New York postoffice controversy in Washington. A high official of the administration said Saturday that the nomination of Mr. Hapgood for the office is one of the early possibilities. Mr. Hapgood said Saturday night that he knows nothing of any such purpose on the part of the president.

The nomination of Robert F. Wagner, which was sent to the Senate two weeks ago, is in the Senate committee on post-offices and post roads. Mr. Wagner announced he would not accept the position, and it is not likely the Senate will act on it if Senator O'Gorman indicates the appointment is objectionable to him.

Recently Mr. Hapgood came to Washington to do some work for the president. His friends say he would make a fine compromise candidate. Senator O'Gorman was not here Saturday, and his attitude toward Mr. Hapgood is not known.
